EDUCATION

San Jose State University
B.A. in Graphic Design
2013

EXPERIENCE

UI/UX Designer at SBM Site Services
January 2017–February 2017
Refined UI of web and mobile application. Created prototypes to showcase flow and user experience of new features to stakeholders. Worked through all stages of design including gathering requirements, research, user flows, wireframes, high-fidelity visual design, prototyping, hand-off to engineering and QA.

UI/UX Designer at Telenav, Inc.*
July 2016–September 2016
Designed within mobile and vehicle interfaces for connected car software. Helped team with production work and fine-tuning user experience of internal products. Worked in Agile environment, participating in daily scrums. Contributed to QA and seamless handoff to developers.

Visual Designer at Yahoo, Inc.*
March 2016–July 2016
Collaborated with Mail and Messenger teams to create screenshots for Google Play and Apple App Stores. Resaerched design trends and other successful screens to execute within Yahoo's branding to ensure maximum conversion rate for their apps. Designed banners and buttons to advertise apps.

Marketing Designer at CBRE Group, Inc.*
January 2016–March 2016
Sole designer that created marketing deliverables for CBRE's Burlingame and Palo Alto teams to best market their services and property listings. Quickly adapted to a high stress environment, alleviating the workload for Northwest Marketing team in a time of need.
